

The Fifth Euro-China Conference on Intelligent Data Analysis and Applications

October 12-14, 2018 Xi'an, China(ECC2018)

<http://ecc2018.xiyou.edu.cn>

CALL FOR PAPERS

INVITED SESSION: Deep Learnings and its Applications in all area

This invited session will discuss recent advances in Deep learning which is a family of Machine learning methods including deep neural networks, deep belief networks and recurrent neural networks, convolutional neural network etc. Contributions containing new insights and findings in this field are welcome. This special session provides an international forum for researchers and specialists from the field of deep learning and its applications. Although particular attention will be given to the above theme areas, it should be stressed that a broad range of submissions are encouraged.

Full paper Due Date: *July 20, 2018*

Acceptance Notification: *Aug. 10, 2018*

Camera-ready Paper Deadline: *Aug.25, 2018*

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular invited session and related areas of application. All contributions should be original and not be published elsewhere or intended to be published during the review period. ECC 2018 conference proceedings will be published by Springer in the series of Advances in Intelligent Systems and Computing, which is on the EI index list, by Springer. Normally, papers published in this book series will be indexed by EI when the paper quality fits the requirements should be no less than six pages and the maximum is eight pages. All papers must be submitted electronically in PDF format only. Details of the required paper format are available at the official ECC 2018 website (<http://ecc2018.xiyou.edu.cn/>). For further information, please contact the session organizers given below.

Special Session Organizer:

Prof. Rong Hu (ronghu0910@gmail.com)

Fujian University of Technology, China
